

The below quotes were taken during a 2003 conversation that was taped between Judy Word and another member of the Dallas-Ft Worth Metro Golden Retriever Club regarding that member's attempt to confront Judy Word concerning her name being implicated in the spreading of untrue rumors:

---

***Judy Word: "I don't need to hear what you have to say."***

Could that be because someone possibly got caught not telling the truth?

---

***Judy Word: "I can say what I want to."***

Obviously what one says doesn't have to be the TRUTH then does it!

---

***Judy Word: "... it's not like I'm spreading rumors... it is a comment."***

Rumors ARE comments, this is why people get sued for Slander and Libel.

---

***Judy Word: "Well let me tell you, you just bring it on buddy, if you want to tangle with me."***

This could be perceived as a THREAT, look what happened in 2005 to the Plaintiff's in this case, actions led by Judy Word.

---

***Judy Word: "Molly... but... hell, Molly could tell you anything cause she bred her dog without current clearances to two bitches with no clearances. ... I severed that friendship ... I could not believe it. So yes, did I have egg on my face as her mentor... I sure did, .... So that's why you don't see Molly Chapman around anymore. Because she got furious with me."***

Later on, in 2005, Judy Word as DFWMGRC President recommended Molly Chapman for Board Member At Large when another board member resigned in April 2005. Molly Chapman later was voted DFWMGRC President in 2006. Molly Chapman at that time owned two dogs of Judy Word's breeding,, Winston (not in k9data) and Maggie, Bravo's Chanel Allure JH.

---

***Judy Word: "...Caldwell's, those aren't my dogs. Those are the Caldwell's dogs. Any problems that, that they're having with the Caldwell's dogs... clearances or whatever... they need to call the Caldwell's, the Caldwell's need to talk to them."***

The discussion at this point was with regards to temperament issues and while the other club member did not bring up any specific breeder's names that had bred to Judy Word's stud dog Clipper, CH Bravo's Old Spice, interestingly, Judy Word did.
